## KNIGHTS OF COLUMBUS RECEIVE CHARTER

A memorable occasion was held in the Elks hall on Saturday evening when Knights of Columbus, St. Joseph the Worker Council No. 5312, were presented with their charter by State Deputy B. MacIntosh. The charter was presented to Grand Knight John Bindo.

In making the presentation Mr. MacIntosh, who was introduced by Sir Knight S. Goodman, District Deputy, gave an inspiring talk on the work of the Knights of Columbus.

Highlight of his talk emphasized the need for a Junior Catholic College for children of Catholics in order to keep the young people constantly in touch with their faith. He said that a group of Basillian Fathers are presently in Edmonton, and a \$50,000 library is going to be instituted in St. Joseph's in Edmonton on the University grounds.

Committees have already been set up to do this and with participation from all Councils in the province of Alberta, the library will be built this year.

This year some \$30,000 will be spent on the project plus \$5,000 a year for the next five years.

Mr. MacIntosh then called on Grand Knight John Bindo and presented him with the charter.

In accepting the charter, Mr. Bindo expressed his pleasure at the honor of being the one to accept the charter on behalf of the local Council. Mr. Bindo spoke briefly on what being a Knight has meant to himself, and then outlined some of the work done by the Knights of Columbus.

Other speakers during the evening were Mayor John Ramsey,

who welcomed the guests; Sir Knight Joe Jordan, who proposed a toast to the Order; Eric Price, who proposed a toast to the Clergy and Sisters, and L.D. Huntley, who proposed a toast to the Ladies.

Replies to the toasts were given by the Very Rev. P. Tessier and Mrs. Henry Spatuk.

During the evening Past Grand Knight John Lloyd of Blairmore. Past Grand Knight of the St. Joseph the Worker Council, was introduced, and he in turn introduced Past State Deputy and District Deputy of Calgary, Len Hergott, and members of the St. Joseph the Worker Council.

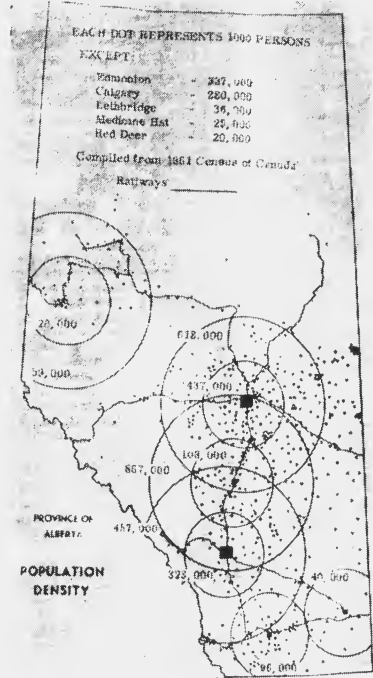

Mr. Lloyd also thanked the Ladies of Catholic Women's League for the banquet and the girls who assisted with the serving.

Mr. Lloyd also thanked the Ladies of Catholic Women's League for the banquet and the girls who assisted with the serving.

Another highlight of the evening was a presentation of a golf trophy to Father Denis Fleming of Coleman, by Father Barnes of Fernie.

During the enjoyable event, attended by over 200 persons, entertainment was provided by a quartette comprising Father Fleming, Les Owen, John Albizzati and Eric Price. A dance concluded the affair.

## Alberta Population Is Increased By 35,000

This Population Density Map is prepared by the Alberta Bureau of Statistics - this shows the location of Alberta's areas of population.

In the year ended June 1, 1963, Alberta's population increased by 35,000 to a total of 1,405,000, making it the fourth largest province in Canada, topped by Ontario, Quebec and British Columbia respectively.

Edmonton, fourth largest city in Canada, is the largest in the province with a population of 303,756. Calgary is a close second with 276,975, followed by Lethbridge, 39,575; Medicine Hat, 25,109, and Red Deer, 23,106.

Approximately 62 per cent of the entire population of Alberta,

a total of 870,000 persons, reside within a 100-mile radius of the City of Red Deer.

During the past two years there has been little if any perceptible shift in the centre of population. It remains at Wetaskiwin, within 50 miles radius of which is found the largest portion of Alberta's population.

Alberta residents are found in 16 cities, 91 towns, 138 villages, 23 counties, 25 municipal districts, 53 improvement districts and three special areas.

## STUDENTS RECEIVE AWARDS AT COLEMAN

Highlight of Scholarship presentation night, held in the Elks hall on Friday evening, came when Jim Montalbetti, son of Mr. and Mrs. James Montalbetti, was awarded a scholarship by Mrs. L. Hotte, representing the Order of the Royal Purple.

After the presentation was made School Principal Horace Allen, who also acted as master of ceremonies, announced that the honor student had also been awarded University of Alberta Honor Prize of \$50 for the high marks he had attained in grade 12.

Mr. Allen also indicated that Jim had been an honor student from grade one through grade 12 and on completing his high school he had attained an extremely high average of 88.3 per cent, which is the highest average in the Pincher Creek-Crows Nest Pass Inspectorate. The lad is also the holder of the Governor-General's Award for his work in grade nine.

Jim has now left town for Edmonton, where he has entered the University of Alberta to study physics.

During the successful evening, held in the Elks hall, many other presentations were made and included the Home and School Association award for the students receiving the highest marks in grade seven and grade eight, — which were presented to Carol Kubica and George Cembrowski by Association President, Mrs. Helen Nedd.

John Holyk presented the BPOE award for the highest marks in grade nine to Evelyn Gibbs and William Montgomery, while a third prize was awarded to Joanne Misura for being the third highest — this prize was awarded by the Home and School.

Coleman School Board awards were presented by Trustee Bill Skura to the grade 10 students

having the three highest standings — Marilyn Liddell, whose average was 89.9 per cent; Colin Collier, 77.3 per cent, and Wentworth Bjarnason, with an average of 76.8 per cent.

The Coleman Lions Club awards for grade 11 were presented by Past President Graham Atkinson, to Fay Radley, with an average of 81.96 per cent, to Kipling DeLuca with an average of 78.8 per cent.

The next three students had averages so close the Lions provided awards for the three students, who were Joe Aiello, 76.5 per cent; Denis Collier, 76.2 per cent, and Sieve Truch with 76 per cent.

Mr. Allen then announced that the former Coleman Fire Brigade, which had disbanded, and had provided a scholarship for the student having the second highest mark in grade 12, would be continued for several years as a sum of over \$400 had been turned over to the school by the old brigade to keep the scholarship alive. Winner of the award was Robert Franz, whose average was 69.6 per cent.

Following the presentation of the awards, each of the recipients of awards expressed their thanks to the sponsors of awards, the teachers and their parents.

To conclude the event Principal Horace Allen gave an impressive talk on the need and value of an education in today's world and encouraged all young people to further their education to prepare for their future life.

## Local Man Is Bereaved

Mr. Austin J. Hanrahan passed away in the Fort Macleod Hospital on September 16th at the age of 81 years.

Deceased was an old-time resident of Fort Macleod, coming there in 1918 from Lakefield, Ont. Funeral services were held on September 19th at 10 a.m. with Requiem Mass being celebrated by Rev. Father James Morrow in the Holy Cross Roman Catholic Church. Prayers were said in the Holy Cross Roman Catholic Church on Wednesday at 7:30 p.m.

Friends from Granum, Lethbridge, Fort Macleod and Crows Nest Pass were in attendance, which showed the high esteem in which he was held as a faithful friend.

He is survived by his wife, two sons, Joseph of Coleman, and Walter of Grand Prairie; four daughters, Mrs. G. (Mary) DeMere of Granum, Mrs. H. (Gertrude) Smith of Edmonton, Mrs. A. (Stasia) Newcombe of Trail, B. C., and Mrs. J. (Theresa) Couillard of Bow Island; sixteen grandchildren and two great grandchildren.

He was predeceased by a son, Patrick (Rock) in 1961.

Interment was in the Holy Cross cemetery, Fort Macleod with Edens Funeral Home in charge of arrangements.

## Card of Thanks

We would like to thank all those who sent Mass Cards, Sympathy Cards, or help in any way during our recent bereavement.

Margaret Hanrahan and Family.

## Pleased With Govt. Decision

Mr. T. Robertson, manager of National Employment Service in Blairmore, has stated he is very pleased with the Government's decision whereby special tax concessions may be available to new industry in the area. There has been a definite need for additional business to supplement the mining and logging industries.

Mr. Robertson also stated he is happy to report during the past few months, increased demands for coal has provided full employment for all qualified miners in the area.

## Presented With Token

Mr. and Mrs. W. Halstein attended the 50th Anniversary and Roll Call of the Cassandra Rebekah Lodge No. 31 at Natal, B.C.

While at the meeting Sister Ines Halstein was presented by the President of the Rebekah Assembly of British Columbia with a Token for 44 years membership with the Cassandra Rebekah Lodge.

## Two Men Get One Year On Theft Count

Magistrate F. S. Radford, of Blairmore, took almost an hour to read out 42 charges against two Pass men on Friday morning, and after pleading guilty to the charges the men were sentenced to one year each in the Lethbridge Provincial Jail.

The charges of theft involved nine thefts over \$50 each and 12 thefts under \$50 each. Charges against the two men, Emre Ujl of Coleman, and Karl Abonyi of Crows Nest, were laid by RCMP police of the Blairmore detachment, the Bellevue Blairmore and Coleman town police for thefts committed by the men in the Pass towns from June until September, when they were apprehended.

When caught the thieves had a collection of articles ranging from armatures, tube cutters, gas torches, electric power tools, tires, car wheels, women's dresses, brass fittings, sleeping bags, blankets, fishing rods, lines and reels, flash camera, one case of tomatoes, set of seat covers, light meters and numerous other articles the men had lifted from parked cars.

## Miner Making Favorable Progress

Jerry "Shorty" Fillipuzzi of Michel is reported to be making favorable progress in the Michel Hospital this week.

Mr. Fillipuzzi lost his left leg below the knee and had the same leg fractured above the knee in a mining mishap that occurred on September 3rd. Mr. Fillipuzzi was working on the afternoon shift in the Michel mine of the Crows Nest Pass Coal Company when the accident happened.

## Four Enter Mayoralty Race

Civic Elections will be held in Coleman on October 16, as all vacancies on council, school board and for the Mayoralty are being contested.

Running for Mayor are John Ostash, John Owen, James Park and Joseph Wavrecan; for two vacancies on Council are Bert Bond, William Filewich and Rudy Szymanek; for one vacancy on the School Board are Robert G. Fisher and Steve Mraz. Elected to the Hospital Board by acclamation was Stu. Murdoch.

## East Coleman Citizens Discuss Recreation Grant

The East Coleman Citizens' committee, ratepayers and the recreation committee met this week to make a decision on how the government recreational grant should be used. Earlier plans had been to pool the money to build a swimming pool, but since this plan did not materialize no further action was taken on expending the grant.

The East Coleman area are still in favor of building a pool but the area having a very small population cannot afford to build or maintain a pool.

Following a lengthy discussion on the matter the meeting favorably giving consideration to turning the money over to Coleman to be used in the building of the community centre in the local arena. The East Coleman committee will meet with council to discuss the matter.

## Drama Festival To Be Held In Lethbridge

It has been announced that the District One Act Drama Festival is to be held in the Lethbridge Junior College, November 1 and 2.

These two evenings will be in the form of a competitive festival with awards for Best Actor, Best Actress, Best Character Actor, Best Character Actress and Best Play.

This competition is open to both young people and adult groups, and any organization wishing to participate are asked to contact Sandy McCallum immediately, so that the proper registration forms may be mailed out to them.

The winning play in the festival is entitled to compete with other winning plays in Alberta at the Regional Festival to be held approximately two weeks later.

Plant floor space at General Motors of Canada in Oshawa totals 163 acres.

## Immunization Week, Sept. 22 - 28

Each year towards the end of September, Canada holds a National Immunization Week.

The objective of this week is to educate the people on ways and means of preventing various and common infectious diseases.

Actually, every week should be Immunization Week because a continuous campaign must be carried out to keep people protected. The purpose of this publicity is to make sure that no one in Canada can say "I did not know about immunization — no one told me."

We are fortunate that vaccines against common infectious diseases like Smallpox, Diphtheria, Tetanus, Poliomyelitis, Whooping Cough and Typhoid are all supplied free of charge. Various Departments of Health hold clinics where these are given free of charge.

All these vaccines are also available from your family physician.

It is well to point out here the importance of vaccination and re-vaccination against Smallpox. Due to rapid transportation a person infected may enter the country, come in contact with thousands of people, before he becomes ill himself and can be isolated.

The value of immunization has been proven beyond doubt.

The Greatest Wealth is Health — Protect it

## Ladies' Italian Lodge Hold Whist Drive

A whist drive was held in the Italian Hall on Thursday, September 19th.

Prize winners were: Ladies' first, Mrs. J. Yates; second, Mrs. S. Richards, and consolation, Mrs. L. Boulton.

Gents' first, Mrs. J. Dick; second, Mrs. A. Gleave and consolation, Mrs. G. Carmelo.

The draw for the \$25.00 cash prize was won by Adela Tomafini of Blairmore, with ticket number 67.

In a single day as many as 1530 cars and trucks have been produced at General Motors of Canada in Oshawa, for the domestic and export markets.

## First Aid Canvass Is Successful

Reports indicate that the recent canvass of the Pass towns by a team of 12 Calgary First Aid men had realized a total of just under \$300.00.

This money is being used to further St. John Ambulance Association organize and direct a program of Home Nursing and Child Care Courses for Juniors and Seniors. In appreciation of the generosity of Pass citizens towards the recent campaign, the following letter has been received:

Sept. 19, 1963.

To The Citizens of the Communities of Bellevue, Hillcrest, Frank, Blairmore and Coleman:

On behalf of the St. John Ambulance Brigade and Association may we take this opportunity of expressing our very sincere thanks for the kind reception and generous support afforded our canvassers in your area on September 7.

It is with a view to carrying out our training program into many of the smaller communities that we ask their support.

Under the sponsorship of your local St. John Councils, it is our earnest desire to organize a program of Home Nursing and Child Care courses, for seniors and juniors, in your communities at an early date.

William E. Goddard,  
Area Superintendent.

## Elks Planning Saturday Night Bingos

Coleman Elks announced plans this week to hold two Saturday night bingos to raise funds for hall expenses and installation costs of a new furnace.

The bingo nights are scheduled to be held on Saturday, October 5th and Saturday, November 2nd. Plans are being made for attractive prizes for the two bingo nights.

When parking on a slope always leave the front wheels turned in the proper direction. If headed downhill the wheels should be turned sharply into the curb. If headed uphill, the wheels should be turned out.

### BETTER COMMUNICATIONS

(By A. E. Bridges, Alberta Fire Commissioner)

In connection with disastrous fire, I have often heard, "Why do SUCH things happen! Surely common sense would prevent such a mistake!"

Fires certainly are mistakes — and from where we see it, compiling fire losses year by year, many mistakes are repeated. But can we dismiss the matter merely by saying it is mostly carelessness or is it more likely that people make mistakes resulting in disastrous fires because of lack of communications?

My experience leads me to conclude that people cause fires because:

- they are unaware that what they do is dangerous,
- they do not understand the instructions printed on the labels of containers of hazardous materials,
- they do not consider fire safety instructions important,
- they find it difficult to follow instructions or to change personal habits; so that generally the essential fire prevention knowledge has not been acquired or assimilated which amounts to the same thing as saying our communications have not gotten through.

The unfortunate woman who stayed in her house to mop up spilled gasoline was ignorant of the volatile and explosive properties of gasoline. The person who put the gasoline in the glass container she was handling was disregarding the widely publicized fire safety instructions.

And the man who was applying a flammable floor tile adhesive in the area of the stove pilot light, did not properly understand the warning label on the container.

But the man who continued to smoke in bed had his final fatal smoke because he found it difficult to change his habits although he knew that others had perished under similar circumstances.

None of these people died deliberately. — We failed to communicate to them the full significance of the dangers that finally resulted in their death.

Fire Prevention Week provides a good opportunity for better communications between fire services and the people we seek to protect. This is a time for more words of wisdom on methods of coping with fire dangers.

Granted, the individual's safety is largely a matter of personal responsibility, but his chances of survival in an environment filled with fire potential situations is much better when his communications line is open to the latest fire safety information.

OF MANY THINGS .... by Ambrose Hills  
TAKE IT EASY UNCLE SAM!

We Canadians are the United States' biggest and best customer. In Uncle Sam's transactions with us, he is ahead by more than a billion dollars on last year's dealing alone.

Therefore I believe the USA has made a grievous error in extending the tax on foreign investments to purchases of Canadian securities. The effect of the tax will be the reverse of what is intended. Inasmuch as the balance of payments was so overwhelmingly favorable to the USA, it should have been left undisturbed. Canada now has no alternative but to take measures which, over the long run, will be aimed at cutting down our deficit with the USA.

This, of course, could mean further devaluation of the dollar, or other restrictions on imports of American goods and services. The Canadian consumer does not wish this to take place, but readily recognizes the need for it.

After representations from the Canadian government, the American authorities agreed to exempt new issues. It is too bad they did not go further, and exempt their best customer completely. Perhaps they will, eventually, see the wisdom of such course.

Meanwhile, Canada ought to brace herself for trouble. We have been given a few ex-

amples, in recent years, of how badly we can be hurt by the actions of others. So far, we have come through these crises with a sound hide, perhaps better off because of them. We have become somewhat more aware of the need to protect our dollar.

Lately there has been a worrisome trend towards higher interest rates. Our stock market has been declining and in the foreign exchange market, our dollar is weakening.

To most prudent people, this would appear to constitute a warning of stormy economic weather ahead. Let us hope that our Canadian government sees these go-slow signs. They are new to office, and have shown a tendency to take some of their pet projects out of the oven too quickly. They must get over that habit soon. Canada has some rough going ahead in any event, and we can't afford too many unsound propositions at this time. It will require most of our resources to merely "hold the fort".

It would help a lot, however, if Uncle Sam would take it easy, too!

## Supper Dance and Teen Nights Successful Affairs

The South Pacific Night Supper Dance in the Driftwood Room of the Turtle Mountain Hotel at Frank, last Saturday night was an unqualified success. A record crowd, adorned with leis, enjoyed the songs from South Pacific provided by Miss Valerie Smith of Blairmore (Honey Bun) assisted by Bloody Mary, who, unfortunately is retiring from the stage after last Saturday's performance.

Selections chosen by Miss Smith were "Honey Bun", "Bloody Mary is the Girl I Love", "There is Nothing Like a Dame" and "I'm Gonna Wash That Man Right Outa My Hair". This gifted young performer has remarkable stage presence and carried the audience participation beautifully through to the hilarious "hair-washing" scene with the showmanship of a veteran.

The draw for the record was won by Mr. Arne Thomson, Pincher Creek.

A rousing birthday greeting from the crowd honored Mr. Jack Dezall of Cowley on becoming 21 years of age.

Lucky winners of the Teen Night Club on Friday, Sept. 20 were Miss Ginger Bradley, Blairmore, and Mr. Bob Liddell, Coleman.

Each week CHEC Radio presents two lucky winners with popular records to be drawn for at the Teen Night Club. Another draw is made each Thursday at CHEC Radio Station in Lethbridge, each winner receiving two admission tickets to the Teen Night Club. One of these certificates turned in this week was won by Mr. Zolton Raski, Blairmore.

A standing vote of those present decided to hold a South Pacific Night next Friday, Sept. 27, for the Teen Night Club. Dress will probably consist of Mau Muus, shifts, sarongs or kimonos for

girls and beachcombers or clamdiggers for boys, and of course, those shaggy straw hats.

Word has been received that there will be a delegation from the Teen Club in Lethbridge visiting us in Frank on Sept. 27, headed by Mr. Gary Befus, Publicity Director.

Don't miss Teen Night Club South Pacific, Friday, September 27.

## Elks Bingo Winners Are Named

Anne Dorusuk of Coleman was the lucky winner of the \$200 jackpot prize at the Elks bingo night. Other winners at the affair were: 25 gals. gasoline, Mrs. Lillian Montalbetti of Blairmore.

\$10, Mrs. J. Christie, Bellevue. Suicase. Mrs. Castellano, Coleman.

\$10, N. Wakaluk and \$13, Mrs. Gilmar, both of Blairmore.

Electric toaster, Mr. Jarvis of Calgary.

\$12.50, Polly Snowden of Coleman \$15, split among Alma Roughhead, Delina Pow and J. Spievak, all of Coleman.

\$25, Mrs. B. Sayer.

Rocking chair, Mrs. Martin, of Blairmore.

\$20, Mrs. Schultz, Coleman.

Standing lamp, Mrs. Tillie Hillas of Blairmore.

\$15, split between Mrs. Kropinak of Coleman, and Anne Brusak of Coleman.

## Lions Bingo Night Winners

The Lions "Appreciation Night" bingo was a very successful event and was held by the Lions to express their thanks to the patrons that have supported the bingo nights during the past few years.

Winners of the \$12 cash prizes were Richard Marquette of Drumheller, Eleanor Chabillon of Blairmore and Mrs. Mary Lemeche of Coleman.

\$10 prizes, Mrs. Matt Jarvis and Ed Wakaluk of Blairmore; Harry Gates, Lyn Salvador and Mrs. Mary Lemeche, all of Coleman.

\$6 prizes to Dora Kroll of Blairmore, and Nancy Miller of Coleman.

\$4 prizes to Mrs. P. Rosin of Bellevue and Marge Krywlott and Mary Fabro of Coleman.

\$3 prizes to Steve Rypien, Graham Atkinson, Harry Gates, and Vera Feregotti, all of Coleman.

\$2 door prizes to Helen Nedd, Marge Kubica, Mrs. Mary Rypien, all of Coleman, and Mrs. Hoake

of Michel, B. C.

The next bingo night is to be held on October 2nd when cash jackpot prizes of \$105 in \$4 numbers and \$90 in 55 numbers, will be offered.

## The Importance Of Good Oral Health

The prevention of most diseases depends largely upon how much the average person knows about them and upon what he does to protect himself and his family against them. This is particularly true of Oral disorders.

Tooth decay alone affects more people than any other disease, with the possible exception of the common cold, yet, to a very large degree, much of the tooth decay, Malocclusion (crooked teeth) and gum disease, from which people suffer, is unnecessary, and due to dental neglect during childhood.

Children must be trained that their teeth, just as their face and hands, must be kept clean.

The teeth of a human mouth are the responsibility of each and every individual. However, this is the parent's responsibility until the individual child reaches the age of attaining this very important health habit. That, which cannot be prevented, can, and should be, controlled by early and prompt treatment.

Thus, the most important measures to prevent tooth decay, crooked teeth and gum diseases are those taken in the home by the family and by the individual.

Childhood and adolescence are the periods when tooth decay is most active. It can be prevented in three ways: by training children in good eating habits and reducing the amounts of sweet and sticky food in their diet as well as limiting their frequency; by teaching the child to clean his teeth immediately after eating; and by taking advantage of scientific preventive measures such as water fluoridation and the application of fluoride to the teeth. Having a dentist or dental hygienist apply fluoride directly to the teeth decreases tooth decay from 30 to 50 per cent.

The Dental Hygienist of Chinook Health Unit will be working with the school children in the various schools within the Health Unit area.

These children will receive thorough mouth examinations, will have their teeth polished and a topical application of Stannous Fluoride applied.

Upon completion of this treatment the child will receive a printed sheet informing the parent of the treatment that has taken place, as well as a chart that may refer the child on to the family dentist or it may simply relate that the child appears to have good dental health. If, in the case that the child needs dental treatment, the card should be completed by the dentist and returned to the hygienist as soon as the treatment has been completed.

Tooth decay may occur in spite of all efforts to prevent it, but there is absolutely no need to lose a tooth through decay. Early and regular dental care means that cavities may be detected and filled at the earliest possible stage. No cavity is too small to treat and neglect is costly.

## RULES OF THE ROAD

It is no longer necessary to sound your horn when overtaking another vehicle in passing.

It is prohibited to pass another vehicle by driving in a parking lane. The parking lanes are marked off by yellow lines.

Sec. 87a (1) — "No person shall drive upon a highway a vehicle that is equipped with a device capable of detecting radar or such

other electronic equipment as may be used from time to time for measuring the speed of vehicles."

(2) — "Subsection (1) does not apply to:

- a vehicle used by a peace officer in the course of his duties, or
- a vehicle used by a person in conducting a traffic survey authorized by the Minister."

87b (1) — "No person shall occupy or permit any other person to occupy a house trailer while it is being moved upon a highway."

(2) — "In this section 'house trailer' means a vehicle capable of being attached to and drawn by a motor vehicle and designed, constructed or equipped as dwelling place, living abode or sleeping place."

These are two new sections which have been placed in the VHT Act to overcome situations that have developed in recent years.

## Cattle on Highway

Sec. 89 (1) — "No domestic animal shall be on a highway unless it is in direct and continuous charge of a person who is competent to control it and who is controlling it in such manner that it does not obstruct or cause any damage to the highway or create any hazard to traffic on the highway."

(6) — "Subsections (1) to (4) do not apply to a highway other than a main or secondary highway adjacent to land.

- held under a grazing lease or grazing permit, or
- established and operated as a community grazing reserve,

pursuant to THE PUBLIC LANDS ACT."

This means that livestock cannot be on any main or secondary highway unless under strict supervision. They also cannot be on a municipal or district road unless it is adjacent to grazing leases or reserves without a herder.

Sec. 89 (7) — "When any person is charged with an offence under this section the justice of the peace or magistrate trying the case may dismiss the case if he is of the opinion that the offence was committed wholly by accident or misadventure, and without negligence and that the person could not by the exercise of reasonable care or precaution have avoided the offence."

This is a new paragraph to allow for reasonable accident or misadventure where cattle break through a legal fence.

Stunts on Highway  
Sec. 92b — "No person shall perform or engage in any stunt or other activity upon a highway that is likely to unduly distract the attention of the drivers of motor vehicles."

This was apparently designed to take care of stunts, such as pushing beds along a highway, which are becoming a nuisance.

Insurance  
The minimum insurance coverage for a pink card has been raised to \$25,000 for personal injuries and \$30,000 for property damage.

All these amendments came into force on July 1st of this year, with the exception of the Provisions regarding insurance which becomes law after September 1st, 1963.

IN ORDER TO PUBLISH reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.

## In Memoriam

In Loving Memory of a Dear Husband and Father, W. J. (Bill) White, Who Passed Away in Vancouver, B. C., on September 21, 1962.

What would I give to clasp his hand,  
His happy face to see,  
To hear his voice and see his smile  
That meant so much to me.

Edith White and Son Arthur and Family.

## TENDERS

Cars which make fewer stops can expect greater economy. — "Stop and go" driving in cold weather greatly reduces gasoline mileage. Best cold weather economy is obtained after about eight miles— or 20 minutes—of driving.

St. Martin's Chancel Guild will present two C. B. C. Films  
"Big Country"  
and  
"Wilderness"  
in the Livingstone School LUNDBRECK, on  
**Sat. Sept. 28**  
At 8:00 p. m.  
Admission:  
Adults 50c, Children 35c  
Coffee and Sandwiches Served  
The Brand Quilt will be Raffleed

### Card of Thanks

I wish to thank Drs. Aiello and Martinez, Matron and Staff of the Crows Nest Pass Municipal Hospital for their kindness and care while I was a patient there; also those who sent flowers, cards and visited me both here and at the Holy Cross and General Hospitals in Calgary.

Mr. Andrew Buckna, sr.

More than 14,000 miles of wire are used each year by General Motors of Canada in the electrical systems of cars and trucks.

In addition to production for the Canadian market, General Motors of Canada at Oshawa builds cars and trucks for export to 76 countries. GM is Canada's largest exporter of passenger cars.

## New Hoover Portable

So easy to carry—so easy to store: Everything fits under the lid—hose, cord, wand and a complete set of cleaning tools. Cleans as only a Hoover can! Triple-turbine motor gives more suction power. Specially sealed hose connections prevent suction loss. Rug-and-bare-floor nozzle has vinyl fingers to pluck dirt from rugs. Cleaner glides smoothly on wide non-marking wheels to follow wherever you clean.

See it, try it at
